BRUSH

MURAL COMPANY

Hello!

We are Cara and Cynthia, owners of The Iron Brush Mural Company.

We believe your walls should be working as hard as you do for your business.

Murals serve as powerful branding tools, communicating a company's values, ethos, and story in a visually compelling manner. They can create a unique ambiance, setting the tone for customers' experiences and fostering a memorable atmosphere that encourages repeat visits. They can enhance engagement and social sharing, acting as Instagram-worthy backdrops that attract foot traffic and generate buzz on social media platforms.

We specialize in painting high-quality murals. Whether it's a precise rendering of your logo, or an eye-catching photo op, we pride ourselves in our attention to detail, clean lines, and creative solutions to transform spaces.

We would love to help you put your walls to work.

Meet The Artists

Cynthia Wallace & Cara Brown

Cara received a Bachelor of Science in Art Education from MTSU and a Master of Education in Administration and Supervision from Trevecca Nazarene University. Cynthia received her Bachelor of Arts in Studio Art from Union University. She completed two years post-baccalaureate at The Appalachian Center for Craft at Tennessee Tech University.

We have both been painting murals for over 15 years, and much of that experience has been working with schools. We love collaborating with school administrators, staff or parent organizations to create murals that are unique to their school mission, student body, and faculty.

Since opening our business in 2019, we have painted over 150 murals for schools, businesses, churches and private residences.

Kind Words

I could not have imagined better murals for Donut Country. We met with Cara and Cynthia briefly, and they came back with three options that so perfectly captured what we were looking for...we chose to use all three! They were the best to work with, and you can see in their personalities and their work that they are truly doing what they love.

Cara and Cynthia are the best. They were genuinely excited about our project and did a great job making it come to life. I'm very proud of how they immortalized my dog Angus on the side of my veterinary practice. If you are a business interested in getting attention, the Iron Brush girls will be the best money you can spend to achieve it.

Cara and Cynthia were amazing to work with, and I can't imagine a project going any better! They took my design idea and made our mural even better than I had hoped for! We're grateful they help make our community more beautiful with their creativity and skills!

From the moment we designed our building, I knew I wanted to have Iron Brush Mural Company paint our logo in the lobby. I was happy when they took the job, and they did not disappoint! Every single day, we have a client comment on how beautiful our lobby is and how impressed they are with our hand-painted mural of the Family Pet Health logo.
